It's my pleasant duty to present the 12th Annual Report of GITAM (Deemed to be University) for 2018-19 which presents the academic, co-curricular and other activities and achievements of GITAM in a succinct style.

Dr. MVVS Murthi, Founder and President of GITAM, who has been guiding the destinies of the university since its inception, passed away on 02 October 2019. In his place, Sri M. Sribharat has been elected as President, GITAM. Sri M.Sribharat is a postgraduate in Education and also Management from Stanford University, USA.

Major reforms initiated during the year under review include: merger of institutes and departments, with a view to enhancing their efficiency in terms of optimum utilization of human resources and infrastructure; introduction of merit scholarships amounting to Rs. 30 crore to attract the best talent from across the country; introduction of scholarships for the children of GITAM employees to pursue academic programs offered by the University; decentralization of powers in administration; augmentation of infrastructure; strengthening the services offered by Centre for Advanced Technology Solutions; inauguration of the new Cricket Stadium etc.

Wilmington, NC, USA; College Board, New York, USA; University of North Texas, Dallas; University of Denver, Colorado; University of Melbourne, Australia; E Gate 'B' School, Mexico, and International Universiti Teknologi Mara, Malaysia.

I am happy to note that the physical infrastructure has been augmented considerably and the human resources have been enriched to address the needs of the present and future as well. Increase in the number of patents, research projects, doctorates produced, research papers published, quality placements of students is praise worthy.

It is worth recalling great moments of celebration on the campus like 38th Foundation Day of GITAM where Prof. Michael Warren Young, Rockefeller University, New York, USA, 2017 Nobel Prize Awardee, renowned biologist and geneticist delivered GITAM Foundation Day address; Ninth Convocation of GITAM Visakhapatnam where Prof. Balram Bhargava, Director General of Indian Council of Medical Research (ICMR) delivered the Convocation Address; Ninth Convocation of GITAM Hyderabad where Dr. K. 4. GITAM

Gandhi Institute of Technology and Management (GITAM) was founded by a group of eminent intellectuals and industrialists of Andhra Pradesh under the leadership of Dr. M.V.V.S. Murthi with the objective of promoting quality higher education in the fields of engineering, technology, management, medicine, etc.

Establishment of an engineering college at Visakhapatnam in 1980, the City of Destiny, is indeed a pioneering achievement of GITAM. Responding to the expanding needs in diverse fields of knowledge, a number of institutes/schools have been added over the years viz., Institute of Management (1988), School of International Business (1997), Dental College & Hospital (2001), Institute of Science (2006), Institute of Pharmacy (2006), School of Architecture (2011), School of Law (2012), Institute of Medical Sciences & Research (2015), School of Nursing & School of Gandhian Studies (2016). Over the years, these institutes/schools have established excellent standards of teaching and research and have earned a good reputation for GITAM as a premier institution offering quality education.

Along with its impressive progress in the academic arena, the University has expanded its geographic spread, with the establishment of Hyderabad campus in 2009 and Bengaluru campus in 2012, in the industrial hubs of the State capitals of Telangana and Karnataka.

The Centre for Distance Learning was established in 2009 with recognition from DEC, duly recommended by a joint committee of UGC-AICTE-DEC. This Centre has been successfully offering 13 UG, PG and Diploma programmes in literature, management, science and social sciences. The Centre provides virtual classrooms, unique learning resources and excellent administrative services.

It has been twelve years since GITAM metamorphosed into a Deemed to be University on 13th August, 2007. Over the years, it has grown into one of the premier universities in the country whose growth is closely entwined with the saga of the growth of higher education in the country. The fundamental purpose of GITAM's current existence has, therefore, been to conserve and continue this rich heritage while meeting the challenges of change.

GITAM ranks among the top universities in the country in terms of academic and research output. It has three modern campuses, 20 Institutes, 10 Faculties, 52 academic Departments and 10 Research Centres. The University has been able to make its mark at the national and international levels in a number of frontier areas.

With a multidisciplinary approach, the University has been offering over 190 UG, PG, Doctoral and other programmes in diverse fields such as Technology, Science, Management, Pharmacy, International Business, Architecture, Law, Medicine, Nursing and Gandhian Studies. The three campuses at Visakhapatnam, Hyderabad and Bengaluru are endowed with world-class infrastructure and well-equipped laboratories together with excellent student support services.

GITAM has over 22,000 regular full-time students and 1200 research scholars hailing from almost all the States of the country, pursuing different academic programmes. These are some of the brightest minds in the country, who have joined the University after clearing a rigorous all-India on-line Entrance Test. The stupendous placement record through campus recruitments indicates the quality of education imparted by the University and the reputation it carries with the industry especially in the core sectors.

The University has a well qualified and committed team of over 1200 fulltime faculty members. Sizable number of GITAM faculty have research and industrial background. The faculty members have undertaken major research projects in various thrust areas with financial assistance from UGC, DBT, DST, DRDO, CSIR, MoES, etc. The

University established a Central Research Laboratory in GITAM Institute of Technology (GIT) to enable faculty from different streams to conduct interdisciplinary research projects under a single roof.

The University is steadily expanding its academic activities and gaining popularity as an International University. Students from GITAM have acceptability in admissions to reputed international universities for pursuing higher studies abroad.

The University's research and consultancy expertise is often translated into tangible benefits for the industry and the community at large. All the Institutes under the ambit of the University have excellent research facilities by way of modern laboratories and sophisticated equipment on par with world-class universities. In order to strengthen the application of information and communication technology in academics, research and administration, the University established a sophisticated data centre with a super-computer. The Knowledge Resource Centre (KRC) is modernized by equipping with computers and internet facility.

Further, in order to take up advanced research in focused areas, eight research centers have been established. MoUs entered into with premier research organizations and universities abroad have been contributing to promote collaborative research in multidisciplinary areas. Particularly in the light of ongoing globalization and removal of trade and educational barriers, it has become even more imperative for GITAM to attain world class standards in teaching and research.

The impressive progress made in the research culture is also evident from the number of research papers published by the faculty in national and international refereed journals. They are also active participants in several national and international conferences and workshops organized by the University as well as external agencies.

The University takes its social responsibility with commitment and ensures that the out reach programmes undertaken by the faculty and students benefit the community at large.

38th GITAM Foundation Day Celebrations

GITAM celebrated its 38th Foundation Day on 12 August 2018. Prof. Michael Warren Young, Rockefeller University, New York, USA, 2017 Nobel Prize Awardee, renowned biologist and geneticist, received GITAM Foundation Award-2018. The award that comprised Rs. 10 lakh cash and citation, was bestowed upon him by Dr. MVVS Murthi, President, GITAM.

Delivering the Foundation Day address, Dr. Young said: "You and I hold these clocks (biological) in every tissue of our body. The daily rhythm (biological clock) rarely follows the 24-hour clock. They have a species-specific period, which is somewhat shorter or longer than 24 hours due to which they are called circadian (about a day). The Nobel Laureate gave a Power Point Presentation on how he and his team had isolated a gene that controls the normal biological rhythm in fruit flies. The gene encodes a protein that accumulates in the cell during the night and is then degraded during the day. The same principles apply to other living organisms including humans.

The University also felicitated the teaching and non-teaching staff during the celebrations. Dr. MVVS Murthi presented best teacher awards to Dr. R Gyanaprasuna (Microbiology), Dr. PVY Jayasree (ECE), Dr. P. Trinadha Rao (ECE), Dr. Manju Jose (English), best supporting staff awards to K. Chandra Sekhar (Sr.Assistant), A. Narasinga Rao (Technical Assistant), K. Govindarajulu (Attendant), outstanding student speaker awards to A. Annapurna, Fathima Zohra and Jagruthi Jaiswal.

During his convocation address, Prof. Bhargava observed that in spite of independent India making giant strides in various spheres, a number of challenges, including provision of universal healthcare and making primary and tertiary healthcare affordable, remains to be addressed, and young researchers can play a decisive role in identifying and providing solutions to them. "Indians are genetically endowed with a capability to innovate and provide solutions to various problems. Though we take a lot of time to innovate, when we do, we provide cheaper, better, innovative and scalable solutions to various problems. Innovations in medical devices would

go a long way in providing healthcare to the poor at affordable cost and multi-disciplinary research would go a long way in achieving it", he said.

Honorary Degree of Doctor of Science was conferred on Prof. Balram Bhargava and Doctor of Letters (DLit.) was conferred on Telugu writer Peri Ravi Kumar. Faculty members Prof. S. S. Prasada Rao, Prof. R. Gyana Prasuna and Dr. Y.V.V. Satyanrayana Murthy were honoured with Best Researcher Awards and Dr. Usha Gampala from science field received 'Best Ph.D. Thesis' award. "Innovation or lateral thinking is essential in leapfrogging to achieve greater heights and success. All the discoveries, innovations and benefits we are enjoying now are the outcome of lateral thinking, innovation and accidental discoveries at some point. Take risks without the fear of failure and do not throw away your crazy ideas," he advised.

INDEPENDENT AUDITOR'S REPORT

To the Management of **GITAM (Deemed to be University) the GANDHI INSTITUTE OF TECHNOLOGY AND MANAGEMENT**
Opinion

We have audited the financial statements of **GITAM (Deemed to be University) the GANDHI INSTITUTE OF TECHNOLOGY AND MANAGEMENT** which comprise the Balance Sheet as at 31st March, 2019, and the Income and Expenditure Statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion and to the best of our information and according to the explanation given to us, the accompanying financial statements give a true and fair view of the financial position of the entity as at 31st March, 2019, and of its financial performance for the year then ended in accordance with the accounting principles generally accepted in India.

Basis for Opinion

We conducted our audit in accordance with the standards on Auditing (SA's) issued by ICAI. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in India, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those charged with Governance for the Financial Statements.

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the aforesaid generally accepted accounting principles in India, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so. Those charged with governance are responsible for overseeing the entity's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with generally accepted accounting principles in India always detects a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Report on others Legal and Regulatory Requirements.

We report that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit:
- b. In our opinion, proper books of accounts as required by law have been kept by the GITAM (Deemed to be University) so far as appears from our examination of those books;
- c. The Balance sheet, the Statement of Income and Expenditure, dealt with by this Report are in agreement with the books of accounts.
- d. In our opinion and to the best of our information and according to the explanations given to us :
 - i. The GITAM (Deemed to be University) has disclosed the impact of pending litigations on its financial position in its financial statements.
 - ii. The GITAM (Deemed to be University) has made provisions, as required under the applicable law/accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
