PREAMBLE

GITAM (Deemed to be University) focuses on providing a progressive and versatile learning environment for the students in their chosen programmes, thus contributing to the general well-being of society at large.

Given the aspirations and multitalented capabilities of the present generation of students, a learner-centric approach is adopted at GITAM. The required essentials are identified, and the students are guided by teams skilled in various fields such as academics, sports, cultural activities, entrepreneurship, etc. The goal is to provide a holistic learning experience, enabling students to gain command and progress toward excellence in their chosen field and become socially responsible citizens.

In this rapid digital evolution era, the role of a university is crucial to produce graduates with the required skills. Current-generation graduates need to collaborate with teams in a multidisciplinary environment to solve complex problems and possess communication, critical thinking, and technology skills. To produce graduates who will contribute once they leave the portals of the University, GITAM collaborates with several organizations providing a platform for the student to acquire the necessary skills. GITAM updates its curriculum, mode of delivery and assessment tools with the current practices from the globe.

This document provides an insight into the academic culture of the University, procedures, and regulations of the courses taught at GITAM. The regulations are designed to deliver memorable experiences to courses led by instruction. All students are expected to be familiar with the regulations given in this document and the subsequent revisions, which are released from time to time.

1. About GITAM

1.1. Introduction

Gandhi Institute of Technology and Management, popularly known as GITAM, was founded in 1980 by an inspired group of eminent intellectuals and industrialists of Andhra Pradesh led by Dr. M. V. V. S. Murthi, former Member of Parliament, and popular philanthropist. The vision of MAHATMA, the Father of the Nation, was to see India as a socially and economically resurgent country, and the MAHATMA looked upon education as an essential means to achieve this goal. MAHATMA envisaged universities as institutions of higher learning that transcend all linguistic, racial, and other barriers. GITAM is committed to imbibing Mahatma's values and abiding by his philosophy.

1.2. Vision

To become a global leader in higher education.

1.3. Mission

To impart futuristic and comprehensive education of global standards with a high sense of discipline and social relevance in a serene and invigorating environment.

1.4. Quality policy

To achieve global standards and excellence in Teaching, Research, and Consultancy by creating an enabling environment in which the Faculty Members and students share a passion for creating, sharing, and applying knowledge to improve the quality of education continuously.

2. Purpose & Scope of the Regulations

GITAM's Academic Regulations provide a framework for the functioning of all programmes of study in the University. The regulations include procedures and practices that are to be followed to ensure academic standards in the University. The Academic Council approves the regulations of GITAM. These regulations may be amended with the approval of the Academic Council to meet evolving conditions. The updated regulations will come into effect from the Academic Year 2023-24. GITAM, at its discretion, may introduce changes during a session where it is necessary because of the changed circumstances or mandated to do so by the statutory bodies. Communication regarding amendments to the regulations will be published on the University website and sent through the University mail system. For messages received from any other mode of communication, the student must verify the authenticity by visiting the University website. Students must follow the amended regulations as they might impact the process for the award of the degree. These regulations are applicable to undergraduate students of the Schools of Business, Humanities and Social Sciences, and Science. (except for BCA, B.Sc. CSCS) and BCom. programmes)

2.1. Current and Official Version of Academic Regulations

The academic regulations provide a framework for the education delivered and administered by GITAM (Deemed to be University). The Board of Studies, acting through the academic administration, is responsible for implementing the regulations. All registered students are subjected to the regulations and must agree and abide by the regulations as a condition of enrolment. The students registered at GITAM are subject to the University regulations and revisions thereupon until the award of their degree.

2.2. Updates to the Regulations.

Updates to the regulations are typically published at the start of the academic year and shall remain in force until a subsequent version is published. The current version of the academic regulations supersedes all previous academic regulations, and it shall remain in effect until any next revision following the aforementioned provisions. Current academic regulations of GITAM are identified with the highest version number and will be communicated to the students through the mail, official circular, and the website. The official version of the academic regulations is also uploaded to the GITAM website at <https://www.gitam.edu/academic-regulations>. The Directorate of Academic Affairs (DOAA) will maintain the official version of the academic regulations and update the information on the website. The DOAA shall maintain archives of all academic regulations.

3. Rights and Responsibilities

This section provides information about the student's rights and responsibilities at GITAM. Procedures are established to ensure that students benefit from the practices followed at GITAM. As a member of the GITAM family, students can expect to be a part of an engaging, challenging, creative, and innovative environment. A student is expected to be aware of all the rules and processes of the University. As members of GITAM, students shall have certain rights and responsibilities which are not limited to:

3.1. Student Rights:

1. The right to pursue education in a secure environment by not being subjected to harassment and discrimination.
2. Access to high-quality academic and infrastructure resources.
3. Access to activities beyond the classroom that support holistic development, including intellectual and personal.
4. The right to freedom of expression and association with other organizations while not interfering with the rights of others.
5. Access to mental wellness service programs.
6. Right to access student bodies/clubs based on the policies and guidelines currently enforced by these organizations.
7. Expect timely and polite responses from the University's academic and Administrative Departments.

3.2. Student Responsibilities:

1. Respect and act consistently with the values, rules, and regulations of the University.
2. Obey Government rules and regulations.
3. Carry oneself in a manner that contributes to an atmosphere of learning and free expression.
4. To become familiar with course outlines, content, evaluation methods, timelines, and procedures.
5. Resolve academic and personal problems by communicating with personnel from Academic Affairs and Student Life.

6. Keep the University authorities informed of any changes in personal status and contact information, including guardians/ parents.
7. Strictly adhere to all health and safety procedures outlined for classrooms, laboratories, field trips, sports, and cultural activities.
8. Be acquainted with the academic regulations and keep abreast of the updates in the regulations.
9. Familiarity with published information that will allow the selection, by due deadlines, of the appropriate paths of academic study.

4. Admission

The admission policy and procedures are aligned with the University Grants Commission (UGC), and the Ministry of Education (MoE), Government of India. The number of seats in each degree programme is determined by the approval process from UGC.

The eligibility for admission into Undergraduate Programmes at GITAM is as prescribed by the respective approving statutory body and qualifying the minimum entrance examination requirements specified by GITAM admission regulations for the various programmes. The student must undertake the national-level entrance examination, GITAM Admission Test (GAT) conducted by the University. Students can also secure a seat in GITAM by qualifying in the specified state or national level examinations. The counselling schedule will be announced in the media, and the selected candidates will be admitted into the programme of their choice based on the availability of seats. Also, the candidates admitted to undergraduate programmes must meet programme-specific requirements and academic performance in Class XII or its equivalent.

Admission is based on merit, and merely meeting the requirements shall not ensure admission. The University does not discriminate based on gender, race, religion, disability, or nationality. GITAM reserves the right to admit any candidate based on the criteria specified in the admission brochure. Admissions are also available for Non-Resident Indians and Foreign Citizens who meet the GITAM admissions eligibility criteria.

4.1. Student Classification

4.1.1. Regular admission

Admission is considered regular if a student of Indian nationality is admitted in the programme's first semester through the GITAM admission test or through any national-level entrance examination as approved by the Directorate of Admissions. For a GITAM degree to be awarded, the student must complete the terminal year in GITAM, unless the student has proceeded on a twinning programme approved by GITAM.

4.1.2. Multiple Entry

Multiple entry is permissible under the following circumstances subject to the availability of seats.

- Students already pursuing an undergraduate programme in a recognized Higher Education Institute (HEI) could be admitted into GITAM without appearing for the entrance exam to continue their studies. In this case, the student shall furnish the transcripts or grade cards, syllabus copies, educational certificates, and other relevant documents while applying for admission.
- However, a minimum of 50% of the credits for the programme must be completed in GITAM to earn the degree from GITAM. The Board of Studies (BoS), which manages the programme, shall establish equivalency based on the marks/credits obtained in the courses in the previous HEI.

Regarding the courses in GITAM for which an equivalence could not be found, the candidate must earn the credits by registering for the courses at GITAM by paying the prescribed fees.

- Any student who is admitted into GITAM and continuing a programme can avail themselves of a break and reenter the programme and continue to finish subject to meeting the stipulated maximum duration of the programme.

4.1.3. Establishment of Equivalency

- The courses studied by the candidates elsewhere for which equivalency is established should carry either the same or more credits than the corresponding courses offered at GITAM.
- If the credits allotted for a course studied by the candidates elsewhere are less than the allotted credits of the corresponding courses in GITAM, the candidates will be required to repeat such courses, and secure at least a passing grade in GITAM after admission.
- Notification of the equivalency issued by the Registrar shall contain:
 - The courses for which equivalency is established.
 - The courses prescribed to study in GITAM.
- Candidates shall be issued semester Grade cards for the prescribed courses only. Provisional Certificate cum Memorandum of Grades (PCMG) shall include the grades obtained by the candidate in the courses studied at GITAM.

4.1.4. Flexibility to move from one discipline of study to another

- At the end of the first semester, students can decide either to continue with the chosen major or request a change of major.
- Changes can be made even after the second semester but that will lead to the student taking a longer time to complete the programme.
- Flexibility to switch to alternative modes of learning (offline, ODL, and Online learning, and hybrid modes of learning) is subject to 50% of credits being completed at GITAM.

4.2. Admission Eligibility Criteria

The eligibility criteria for various programmes under different schools can be referred [here](#).

4.3. International Students

To increase the diversity of the student population, GITAM admits students under Foreign Nationals (FN)/ Overseas Citizen of India (OCI) / Children of Indian Workers in Gulf Countries and Southeast Asia (CIWGC-SEA) and NRI category as follows.

- Five (5) % of seats within the "Approved Intake" for each programme is allowed for admission under NRI category.
- 15 % of Supernumerary Seats over and above the "Approved Intake" for each programme is allowed for admission under FN / OCI / CIWGC-SEA category. 1/3rd of these 15 % seats shall be reserved for CIWGC-SEA category

GITAM admits Indian and International students with the qualifications recognized by the Association of Indian Universities (AIU), New Delhi.

4.3.1. Eligibility criteria

- The medium of instruction in GITAM is English. Aspiring students are expected to be proficient in English.
- For Undergraduate programmes, the students are expected to have completed twelve (12) years of study, similar to the Indian school education system
- If a student is not proficient in English as deemed by the University's tests, they will be required to take supplementary courses to improve their English proficiency
- International students will be admitted based on the eligibility criteria set for the Indian residents by GITAM, except in programmes administered by professional councils. Exceptions in criteria for admissions will have to be approved by the individual Board of Studies (BOS)

4.3.2. Categories of International Students

- NRI: The candidate who is an Indian Citizen who is ordinarily residing outside India and holds an Indian Passport.
- Foreign National: The candidate who is the Citizen of the Countries other than India who are not of Indian origin as defined under OCI.
- OCI: The candidate who is a Foreign national, who was eligible to become Citizen of India on 26.01.1950 or was a Citizen of India on or at any-time after 26.01.1950 or belonged to a territory that became part of India after 15.08.1947. Minor children of such people are also eligible for OCI. However, if the Applicant had ever been a Citizen of Pakistan or Bangladesh, he/ she will not be eligible for OCI.
- CIWGC-SEA: The candidate whose parents are working in Gulf countries or Southeast Asia are eligible under this category.

4.3.3. Selection Criteria

Admission is based on Test Scores such as SAT for UG or GITA for any programmes. However, if test scores are not available, the admission to the program is based on previous academic grades and Interviews.

4.4. Scholarship policy

GITAM offers scholarships/financial assistance to the candidates based on marks/ranks obtained in GAT and other common entrance tests conducted at the state and national level for admission into the undergraduate programmes.

4.4.1. Scholarship regulations

- Scholarships are awarded to prospective students to recognize their achievements in Academics, Sports, Culture and Diversity criteria decided by the University.
- The University adjusts the scholarship amount towards the tuition fee.
- Extension of Scholarships for subsequent academic years is subject to securing a CGPA of 8.0 and above every year in the first attempt of all examinations. The Vice-Chancellor may relax the CGPA requirement to maintain diversity or other extenuating circumstances.
- The recipients are expected to be actively involved in various societies and clubs of GITAM and be role models for their peers. Students must forego the scholarship in the following situations:

- shortage of attendance
- opting for leave of absence
- academic break
- academic probation
- indulgence in any act of academic dishonesty
- pending disciplinary action
- The scholarship amount must be refunded in case of withdrawal from the programme
- The University scholarship committee reserves the right to modify the policies from time to time.

5. Academic System

5.1. Academic Structure

The academic structure of GITAM Deemed to be University is governed by the Academic Council. The Vice-Chancellor chairs it and comprises members from the faculty, external members, and special invitees. The Academic Council oversees the University's academic activity, i.e., teaching, learning, evaluation, etc. The academic organization of GITAM consists of the following schools.

1. GITAM School of Architecture
2. GITAM School of Business
3. GITAM School of Humanities and Social Sciences
4. GITAM School of Law
5. GITAM School of Paramedical Sciences
6. GITAM School of Pharmacy
7. GITAM School of Physiotherapy
8. GITAM School of Science
9. GITAM School of Technology
10. GITAM Institute of Nursing
11. Kautilya School of Public Policy
12. GITAM Institute of Medical Sciences and Research

The schools mentioned above are located across the four campuses at Visakhapatnam, Hyderabad, and Bengaluru. The academic administrators of those schools are responsible for introducing new programmes, curriculum development, curriculum revision, etc. The Schools'/Institutes' prime responsibilities are monitoring the department's academic progress, preparing general guidelines in the teaching, and learning process, monitoring the faculty performance, student discipline on campus, coordinating interdepartmental activities, etc. The Departments/Schools/Institutes offer the programmes and provide the instructions required to run those programmes. Some Schools/Institutes are situated at only one campus with a limited number of programmes, and students may not be divided into departments. In such cases, the School/Institute is responsible for framing the rules and regulations right

from introducing a programme, curriculum development, teaching and learning process, providing instructions to conduct the programmes, and leading to degrees and certificates.

5.2. Semester System

A semester is an academic term. Two consecutive terms starting with the odd semester (I, III, V, VII, etc.) followed by the Even semester (II, IV, VI, VIII, etc.) constitute one academic year. The odd semester typically commences in July and ends in mid-November. Even semesters begin at the end of November or early December and end in April, followed by the summer break. Deviations in commencement and closure due to holidays, closures required by regulatory bodies/ Government, natural calamities, including pandemic situations, and other reasons will be notified by the Registrar to the student's email. They will also be available on the website.

The student must register for the courses in each semester subject to the fulfilment of pre-requisites. The maximum number of credits that a student can register for in a particular semester is twenty-five (25). The minimum number is sixteen (16), except in the final semester if the student fulfils the requirements for graduation with less than sixteen (16) credits. Course syllabi will be made available in advance on the website. The Course Plan and Assessment Methods will be communicated on the first day of instruction and will also be available on the Learning Management System (LMS) (currently Moodle). Classwork will be conducted as per the Course Plan and scheduled during the timeframe of the semester. The faculty member assigned to the course will conduct Continuous Assessments during the course period. At the end of the semester, the University may conduct a Term End Examination for certain courses. The University will communicate the grades obtained through the student information system. These grades will also be available on the National Academic Depository (NAD) and can be viewed [here](#).

Summer Term will generally be conducted for a period of Eight (08) weeks in two phases to enable the students:

1. to clear the backlogs (if any) and fulfill their graduation requirements.
2. to accelerate the learning process and complete coursework at a faster pace thereby enabling the students to seek out opportunities for experiential learning.

The maximum number of credits a student can register during the summer term is Twelve (12) per phase.

5.3. School Level Advisory Committee

The Dean of the School chairs the School Level Advisory Committee, consisting of all HOIs and the HODs of the School. The term for the members of the SLAC is for two years or until further orders, whichever is earlier. In the SLAC composition, the Dean of the respective School/ HOI is the Chairperson and all HODs of respective Departments are the Ex-Officio Members. Nominees from Teachers, Students, Alumni, Parents, Employers, Industry and Funding Agencies form part of the members of the committee and one of the HODs nominated by the Dean / HOI will act as Member-Convener.

The objectives of the SLAC are to scrutinize the School's Vision, Mission, Programme Educational Objectives (PEOs) & Programme Outcomes (POs) of all the Programmes offered, Teaching, Learning & Evaluation (T-L-E) process, Student Support System, Extension Activities etc., and offer suggestions for improvement.

5.3.1. Responsibilities of the School Level Advisory Committee

The SLAC meetings shall be conducted at least once in every Quarter of the academic year or two meetings per Semester and the minutes of the SLAC meeting shall be submitted to the IQAC.

5.4. Curriculum

The programme curriculum is prepared with inputs from industry, society and trends forecasted by various agencies and in alignment with the respective regulating and approving agency requirements that govern a programme. The attainment of Programme Outcomes is measured to ensure that the said Programme Educational Objectives are met.

The curriculum includes the following:

5.4.1. Programme Specifications

Programme Specification includes,

- a. Programme Code
- b. Regulations
- c. Vision and Mission Statements of the School / Department
- d. Duration of the Programme
- e. Program Educational Objectives (PEO)
- f. Programme Outcomes (PO)
- g. Mapping of the School mission statements with the Programme Educational Objectives
- h. Curriculum/Programme Structure with various categories of courses and credits
- i. Programme articulation matrix

5.4.2. Course Specifications

Course Specification includes,

- a. Course code & Course Title
- b. Credits
- c. Nature of teaching-learning process (LTSPJC)
- d. Course Educational Objectives (CEO)
- e. Number of contact hours
- f. Course Outcomes (CO)
- g. Module-wise syllabus & list of experiments if the course includes practical components
- h. List of text and reference books
- i. Course articulation matrix
- j. BoS & AC approval dates of the course
- k. Mapping of the course with relevant Sustainable Development Goals (SDGs)

5.4.3. Curriculum preparation

The faculty members at the School / Department level shall initiate the discussions on the Programmes to be offered for the ensuing Academic Year based on the stakeholder feedback & market trend analysis and in alignment with the regulations of the approving agencies. The Programme coordinator shall prepare the programme structure by consolidating the suggestions.

Based on the recommendations of the School Level Advisory Committee (SLAC) on Programme Educational Objectives and Programme Outcomes for a specific programme, the structure along with course syllabi shall be prepared for the programme.

The proposed curriculum structure and syllabi shall be presented to the Board of Studies (BoS) and then to the Academic Council (AC) for approval.

Based on the suggestions from the Academic Council, additions and deletions to the programme specification and course specification shall be incorporated into the curriculum structure and syllabi.

The Dean of the School will be the Chairperson, BoS. A faculty member nominated by the Dean of the school shall act as Co-Chair, BoS. The DoAA publishes the official version of the Curriculum.

5.5. School Committee

The Dean of the school chairs the School Committee, consisting of all HOIs and the HODs of the school.

5.5.1. Responsibilities of the School Committee

The School Committee (SCOM) shall meet once a month to review the progress of teaching-learning. The minutes of the SCOM meeting shall be submitted to the IQAC.

5.6. Programme Committee

Programme committees (PCOM) are constituted by the HOD/HOI for each programme, with all the faculty members teaching the courses in that programme and a Professor of the department offering the programme shall be the Chairperson/ Programme Coordinator. The PCOM shall be common for all the campuses. PCOM shall meet periodically to ensure the quality of the teaching and learning during the semester.

5.6.1. Responsibilities of the Programme Committee

PCOM shall meet at least thrice in a semester with specific agenda (not limited to) as follows:

Meet Number	Timeline	Agenda
1	Two (2) weeks after the commencement of the semester	Course Plan and review of the course committee meeting minutes
2	8 th week after the commencement of the semester (preferably after mid-semester feedback)	Progress of classwork, Attendance Monitoring, Feedback, and review of course committee meeting minutes
3	17 th week after the commencement of the semester	Progress of classwork, examination schedule, review of course committee meeting minutes, and suggestions for revision of curriculum and syllabus

The Chairperson shall submit the minutes of the meetings to the HoI.

5.7. Course Committee

The HODs shall constitute a Course Committee (CCOM) for every course of the programme to monitor the conduct of classwork. Committee members include:

- Senior faculty of the department who is currently offering the course as Chairperson
- Course Instructors from all campuses
- Student representatives

5.7.1. Responsibilities of Course Committee

CCOM shall meet at least twice a month during the semester with a specific agenda (not limited to) for each meeting as given below:

Meet Number	Timeline	Agenda
1	One (1) week after commencement of semester	Course Plan
2	Every fortnight after the commencement of the semester	Progress of classwork, Attendance Monitoring, Feedback, Course content on LMS, Syllabus coverage, development of question banks, use of MOOCs and suggestions for improving course delivery
3	16 th week after the commencement of the semester	Progress of classwork, examination schedule and suggestions for revision of syllabus

The Chairperson shall submit the minutes of the meetings to the PCOM chairperson.

6. Programmes offered at GITAM

GITAM offers various programmes, including Undergraduate, Postgraduate, and Research under various schools. Each programme is identified with a unique code.

6.1. Programme Code

The unique programme codes shall be allotted to each programme on approval of the same in the Academic Council. Programme codes are alphanumeric with the first five characters as alphabets followed by two digits. The first alphabet represents the type of programme (Undergraduate/Postgraduate/Research), followed by four alphabets that represent the Department/Institute offering the programme. The last two digits represent the serial number of the programme.

6.2. Duration of the programme

The Undergraduate programme is for a duration of four (4) years with multiple entry and exit and re-entry options at the end of every academic year subject to meeting the minimum credit requirement, with appropriate certifications such as:

- Bachelor's degree after a 3-year (6 semesters) programme of study
- 4-year Bachelor's degree (honours) after eight semesters programme of study / 4-year Bachelor's degree (honours with research), if a student completes a rigorous research project in their major area(s) of study in the 4th year of the Bachelor's degree.

The 4-year Bachelor's degree programme shall be a preferred option since it would provide the opportunity to experience the full range of holistic and multidisciplinary education in addition to a focus on the chosen major and minors as per the choice of the student.

Students who exit after one/two/three years of study are permitted to re-enter within three years and complete the programme. Students may be permitted to take a break from the study during the period of study but the total duration for completing the programme shall not exceed 7 years.

However, for a re-entry student, to earn a bachelor's degree from GITAM, the student should earn at least 50% of the required credits from GITAM including meeting the category-specific credit requirements as specified in the curriculum structure of the programme.

7. Structure of the Programme

The programme structure consists of various categories of courses incorporated into the curriculum to impart the required levels of knowledge, skills, and attitude. On completion of the programme, the student is expected to attain the programme outcomes as specified by the relevant professional bodies.

7.1. Courses and credits

The workload relating to a course is measured in terms of credit hours. A credit determines the number of hours of instruction/contact required per week over the duration of a semester. Each course may have only a lecture component or a lecture and tutorial component or a lecture and practicum component or a lecture, tutorial, and practicum component, or only a practicum component. The LTPSJC for each course represents Lecture (L), Tutorial (T), Practical (P), Skill development (S), Project work/ Internship (J), and the total instructional delivery is indicated in hours and the credits (C) indicate the effort.

A three-credit lecture course in a semester means three one-hour lectures per week with each one-hour lecture counted as one credit. In a semester of 15 weeks duration, a three-credit lecture course is equivalent to 45 hours of teaching.

One credit for tutorial work means one hour of engagement per week. In a semester of 15 weeks duration, a one-credit tutorial in a course is equivalent to 15 hours of engagement. A one-credit course in practicum or lab work, community engagement and services, and fieldwork in a semester means two-hour engagement per week. In a semester of 15 weeks duration, a one-credit practicum in a course is equivalent to 30 hours of engagement.

A one-credit Seminar or Internship or Studio activities or Field practice/projects or Community engagement and service means two-hour engagements per week.

Accordingly, in a semester of 15 weeks duration, one credit in these courses is equivalent to 30 hours of engagement. A course can have a combination of lecture credits, tutorial credits, and practicum credits.

7.2. Course classification

Courses are classified as Multidisciplinary core, University core, Major core, Major Elective, Minor Core, Honour Specialization and Minor Enhancement Courses.

7.2.1. Multidisciplinary Core (MDC)

These are basic/introductory courses in the fields of Business, Humanities & Social Sciences and Science and are mandatory in nature.

7.2.2. University Core (UC)

There are two types of courses under this University Core category. One type consists of letter grade credit courses used in the GPA calculations. The other type consists of mandatory Pass/ Fail courses which do not form part of GPA calculation.

Courses listed under university core are common to all undergraduate level programmes offered by GITAM in the Schools of Business, Humanities & Social Sciences and Science, except for B Com., BCA and B.Sc. (CSCS). These courses are Ability Enhancement Courses, Skill Enhancement Courses and Value-Added Courses thereby enabling the student to develop into a holistic individual for better employability. A variety of courses are offered in baskets to enable the student to choose as per his/her interest and requirements in certain categories.

The student must earn the specified number of credits under the UC category of courses. A student can opt for the University core courses in any semester of their study at GITAM. The current list of courses is given in [Annexure-I](#).

7.2.3. Major Core (MC)

Major core courses are mandatory credit courses that the student must study to meet the programme's requirements. The courses and their content shall satisfy the specific programme outcome mentioned by the relevant professional bodies. The student must complete all the courses mentioned under this category for a specific programme.

7.2.4. Major Electives

The parent Department/School/Institute offers major elective courses to support the discipline, expanding the scope in the chosen programme. An appropriate minimum number of such electives specified in the programme will lead to the award of a degree in the major discipline.

7.2.5. Minor courses

A minor discipline is a set of courses consisting of stipulated credits to be completed in a structured manner. Minor courses are mandatory courses chosen from a list of approved minor disciplines as available in [Annexure-II](#). For a student who is planning for an exit at the end of third year shall complete 24 credits and for those who are opting for four-year undergraduate programme shall complete 32 credits in the minor discipline.

7.2.6. Honors Specialization courses

Honors Specialization courses are a set of courses that need to be completed by the student to be eligible for a 4-year Honors degree / Honors with Research degree. The students need to earn a minimum of 32 credits for an Honors degree and 20 credits for an Honors with Research degree with an additional 12 credits in Research Project/Dissertation. These are level 400 courses in the major discipline.

7.2.7. Minor Enhancement Courses

Minor Enhancement Courses are additional courses that students must complete to be eligible for a 4-year Honors degree or Honors with Research degree, in addition to the required courses for their chosen honor specialization. To be eligible for the degree with a minor, students typically need to earn a minimum of 8 credits from the chosen minor discipline in the VIIth and VIIIth semesters. These credits should be earned from courses that are of level 300 or above.

7.2.8. Internship

For completing an internship, students are required to participate in a professional activity, work experience, or cooperative education activity with an entity external to the education institution, normally under the supervision of an expert of the given external entity. The current duration of an internship is eight weeks during summer vacation at the end of the third year.

A key aspect of the internship is induction into actual work situations. Internships involve working with local industry, government or private organizations, business organizations, artists, crafts persons, and similar entities to provide opportunities for students to actively engage in on-site experiential learning.

7.2.9. Research Project

Students of 4-year Honours with Research programme should do a research project or dissertation under the guidance of a faculty member of the University. The research project/dissertation shall be in the major discipline for 12 credits.

7.3. MOOCs

Flexibility is given to students to choose various courses provided through Massive Open Online Courses (MOOCs) during the study period. Students studying UG programmes are permitted to register for various courses on SWAYAM up to a maximum of 40% of the total credits of the programme in lieu of UC and Major elective courses. Core courses in the program cannot be replaced with a MOOC course unless explicitly approved by the BoS. Students who intend to transfer credits by undertaking a course through MOOCs must get prior approval from the faculty member handling that course and the BoS of the department.

7.3.1. Establishment of equivalency and credit transfer

Upon successful completion of the courses undertaken by the student on SWAYAM (with prior approval from the faculty member handling the course), an equivalent Grade/Score will be awarded based on the Grade/Score obtained through SWAYAM or an assessment conducted by the University. The respective Board of Studies (BoS) will decide on the grading scheme to determine the equivalent grade and recommend the number of credits that will be transferred for the course.

7.4. Flexible Credit System

The main feature of the Flexible Credit System (FCS) is to make education student-centric rather than teacher or system-centric. It provides the opportunity to choose courses from a list of core, elective, and skill-enhanced courses. The students can undergo additional courses to acquire more credits, learn at their own pace, and adopt an interdisciplinary approach to learning. All programmes of study are designed to meet the specified number of credit requirements. The courses taken by the student in each semester as a part of the programme are allotted some credit points based on the number of hours assigned for teaching, tutorial and practicals. Some non-credit courses are also included in the curriculum; securing passing grades in these courses is required. Upon successful completion of the course, the student secures the number of credits allotted for that course. Once the minimum number of credits on the programme is achieved, the degree can be awarded, subject to the fulfilment of the conditions of the programme.

7.5. Minimum number of credits

All programmes of study are defined in terms of their credit requirements. The student takes each course as part of the programme and will earn the specified number of credits for that course upon successful completion of the course. Once the minimum number of credits are accumulated, the student

will be awarded the degree if all other relevant conditions specified in the curriculum are satisfied. Mere accumulation of the minimum number of credits may not result in the award of the degree. Each programme follows a structure and incorporates it into the curriculum. Every programme has the stipulated Multidisciplinary Core (MDC), University Core (UC), Major Core (MC), Major Elective (ME), Minor (Mi), Honour Specialization and Minor Enhancement Courses. The structure also includes Project work, internship, seminar etc. with due weightage given in the curriculum. Even though the student attains the minimum number of credits, if they do not meet the pattern provided in the program structure and other mandatory requirements, the student will not be eligible for the award of the degree. Further, a GPA requirement (currently 5.0) is specified for each program.

The UG Programme credit structure is as follows,

UG Programmes	Total Credits
Multidisciplinary Courses	12
University Core	20
Major (Core + Electives)	60
Internship	4
Minor	24
UG Programme (3 years)	120
Specialisation (Honours)	20
Minor Enhancement	8
Research Project – Dissertation	12
UG Honours Program (4 years)	160

7.6. Course Plan and Syllabus

Course plans are devised by the instructors based on the approved syllabus of the course. If more than one Instructor handles the same course, course plans are typically finalised after a discussion among all the course instructors. The instructor will provide the following information in the course plan.

1. Course title, code, and complete syllabus
2. Course identification and classification
3. Instructor identification and contact details
4. Course educational objectives and course outcomes
5. Required materials (textbooks, references, lab manuals, website information, videos etc.)
6. Course schedule (timetable)
7. Course calendar (Assignment due dates, class test dates, quizzes etc.)
8. Guidelines for class participation and attendance requirements
9. Evaluation procedures (Continuous and End-term examinations)

The instructor will distribute the course plan to the students before the scheduled commencement of the course using the LMS (Learning Management System) adopted by the University.

7.7. Course Code Scheme

The course code is unique for every course, and it helps the students to identify which Department/School/Institute offers the course. Some courses (NCC, NSS, Yoga, etc.,) are offered by university level wings/ organisations.

The course code scheme consists of four (4) alphabets and four (4) digits. The first four (4) alphabets represent the Department/Institute which offers the course. The first digit represents the "Level of course" followed by the last three digits representing the "Course Number".

7.8. Curriculum Map

A map illustrating how prerequisites connect various MDC, UC, Major and Minor courses will be included in the curriculum. Standard pictorial representations shall be used to designate the basket to which it belongs, as well as groupings to indicate the projected semester of offering. These maps will be available in the school offering the programme.

8. Academic Calendar and Registration

8.1. Academic Calendar

The academic calendar consists of critical dates for all the activities in an academic year. Information about commencement and closure of classwork, summer internship, summer vacation, mid/module term examination schedule, state and national holidays, semester break, course registration, etc., are incorporated in the calendar. The calendar will typically be available at least two weeks before the commencement of each semester. The Registrar will communicate the Academic calendar to the Departments/ Institutes/ Schools, and the same will be available on the website. The dates and schedules in the academic calendar may change in specific programmes due to regulatory and local requirements. In such cases, the course instructor, or academic Head of the program with prior authorisation will communicate the changes to the students. The revised academic calendar will also be available on the website.

8.2. Academic advice

The University provides an academic advisory system to assist the student in selecting the courses and approving the student's schedule. Each new undergraduate student attends an orientation program before the commencement of the first semester. The student is required to consult the assigned academic mentor well before the start of the registration. Mentors will provide the recommended progress map for each program to the student, which will provide information on the schedule of the offering of the core courses. The student will make the final choices when scheduling classes, including schedule changes during the add and drop period. The student should use the Student Information System (SIS) to ensure that they meet the programme's requirements, and it leads to the conferment of the degree within the stipulated time. During registration, the student will acknowledge the information available on the SIS. The information in the SIS will also be provided to the school and the program owner to monitor the student's progress.

8.3. Pre-requisites

Courses may have pre-requisites as specified in the respective programme curriculum. A pre-requisite is a course that the student is expected to have completed before enrolling for a specific course,

failing which the student will not be permitted to register for the course. Completing a course implies that the student has successfully completed at least the internal assessment requirements for the course. In certain exceptional cases, the pre-requisite may be waived if the student has alternate exposure; this will require permission from the faculty teaching the course. A minimum grade may be expected from the pre-requisite courses in specific courses such as major electives, which the faculty teaching the course may decide.

8.4. Minimum and Maximum load

The academic load in a semester has to be a minimum of 16 and a maximum of 25 credit hours. Students who are on academic probation will only be allowed to register for 16 credits to clear the backlog courses. If the student has fulfilled all the programme requirements by the final semester, the student may be permitted to register for less than 16 credits.

8.5. Registration

Every student must register for the courses opted in a particular semester during the intimated official registration period.

To be eligible to register for classes, a student must belong to any of the following categories

- i. a new student who applies for admission and receives a certificate of admission
- ii. a continuing student from the preceding regular semester who has no financial dues
- iii. a former student, i.e., who has not enrolled in the preceding regular semester or who has availed academic break or detained and possessing a certificate of readmission

8.6. Adding and dropping of courses

The students who have registered for the courses during the registration period can add or drop the courses through the registration portal. The add/drop period will commence after the completion of the registration period in the University and will continue till seven (7) working days after the commencement of the semester.

- Students making changes during the add/ drop period should comply with the minimum and maximum credits requirements for the enrolled programme.
- Attendance will be calculated from the commencement date of the semester.
- There will be no compensation of attendance or subject matter delivery for the missed classes. The students are expected to use the LMS and ensure the loss of Teaching-Learning is minimized.

8.7. Late Registration

Students have to register for classes through the registration portal during the registration period. If the students do not register before the commencement of the semester, Registration with the Mentor's approval and the Head of the department will be permitted within a week after the commencement of the semester. If there is a further delay in registration, the student must obtain permission from the Dean of the school before registration. Beyond two weeks after the commencement of the semester, the student will be advised to take an academic break.

A student who does not register for a semester will need to apply for readmission to continue the program.

8.8. Withdrawal from a course

Students are allowed to withdraw from a course within twenty (20) working days of the commencement of the semester. The course cannot be replaced with another course. Students who have withdrawn from a course will have to pay extra fees to register for a compensatory course to fulfil their programme requirements.

8.9. Withdrawal from the Semester

A student who wishes to withdraw from the semester can do so by applying through the registration portal. Exemption/refund of the tuition fee will be considered for the respective semester if the student withdraws before the registration period. No refunds/ partial refunds are given after the registration period has started for the semester. A student who withdraws from the semester must apply for readmission and pay the readmission fees to continue in the programme.

9. Grades and grading system

Two modes of grading are followed viz., absolute and relative. At the end of the semester, a student is assigned a 'Letter Grade' for each course in which they are enrolled, based on their performance in all of the course's evaluations during the semester. The letter grade and its corresponding 'Grade Point' represent the outcomes of qualitative and quantitative assessments of a student's performance in a course. The grades and grade points in each system are detailed in the following sections.

9.1. Absolute Grading

In the Absolute grading system (AG), the marks earned by the student falls within one of the ranges as given in section 9.2, and each range is assigned a letter grade. For example, if the student earns 72 marks in a course, then the student will secure an 'A' grade in that course.

AG will be adopted for the following courses.

1. Theory courses with student strength less than 21
2. Theory and practical (combined) courses for student strength less than 21
3. Lab/Practical courses
4. Project courses
5. Internship courses
6. Skill development courses
7. Audit/Mandatory courses
8. In any course, if the student's strength is less than or equal to 20.

9.1.1. Grade points and symbols in absolute grading

A final letter grade will be awarded in each course at the end of the semester based on the student's performance during a given semester. The letter grades and the corresponding grade points are given below.

S.No.	Grade	Grade Points	Absolute Marks/Remarks
1.	O (Outstanding)	10	90 and above
2.	A+ (Excellent)	9	80-89
3.	A (Very Good)	8	70-79
4.	B+ (Good)	7	60-69
5.	B (Above Average)	6	50-59
6.	C (Average)	5	45-49
7.	P (Pass)	4	40-44
8.	F (Fail)	0	Less than 40 for Theory and Less than 50 for Practical/Project
9.	Ab (Absent)	NA	--
10.	S	NA	Satisfactory for Non-graded courses
11.	U	NA	Unsatisfactory for Non-graded courses
12.	I	NA	Incomplete (Only for project/Internship courses)
13.	R	0	Insufficient attendance in the course
14.	W	0	Withdrawal from the course

For awarding the grade, the total marks obtained by the student are "rounded-up" to the next integer. A student who earns a minimum of four (4) grade points (P grade) in a course is declared to have completed the course.

9.2. Relative Grading

In the relative grading system (RG), grades are awarded in relation to the other students' scores in the same class. It indicates the academic standing/merit of the student in that class. Here, class means a cohort of students who are taught by the same faculty member and have undergone the same assessment pattern. RG overcomes problems encountered with AG, including inconsistency in the level of the question paper and evaluation etc. This evaluation procedure is adopted for T (Theory), TP (Theory and practical) and certain chosen practical courses with a class strength greater than or equal to 21. If the class strength is less than 21 in any section, the students will be grouped with students in other sections taking the same course.

The grades and grade points in the relative grading system are as given below. The class average mark (μ) is taken as the midpoint of 'B+ (Good)' grade, and relative to this and depending on the sigma (σ , standard deviation) value, the other grades are finalized. Grades are assigned based on the percentiles determined for a normal distribution given in the table below.

S.No	Grade	Description	Grade Formula	Grades based on percentile for a normal distribution	Grade Point
1.	O	Outstanding	Total Marks $\geq (\mu + 1.5 \sigma)$	93.3	10
2.	A+	Excellent	$(\mu + 1.0 \sigma) \leq$ Total Marks $< (\mu + 1.5 \sigma)$	84.1	9
3.	A	Very Good	$(\mu + 0.5 \sigma) \leq$ Total Marks $< (\mu + 1.0 \sigma)$	69.1	8
4.	B+	Good	$(\mu - 0.5 \sigma) \leq$ Total Marks $< (\mu + 0.5 \sigma)$	30.8	7
5.	B	Above Average	$(\mu - 1.0 \sigma) \leq$ Total Marks $< (\mu - 0.5 \sigma)$	15.8	6
6.	C	Average	$(\mu - 1.5 \sigma) \leq$ Total Marks $< (\mu - 1.0 \sigma)$	6.6	5
7.	P	Pass	$35 \leq$ Total Marks $< (\mu - 1.5 \sigma)$	2.2	4
8.	F	Fail	Total Marks < 35	0	0
9.	Ab	Absent			NA
10.	S	Satisfactory for Non-graded courses			NA
11.	U	Unsatisfactory for Non-graded courses			NA
12.	R	Insufficient attendance in the course			0
13.	W	Withdrawal from the course			0

9.3. Computing Grade point averages (SGPA, CGPA)

The procedure adopted for computing the grade point average for the semester and cumulative is as follows:

Semester Grade point average (SGPA) for a semester is calculated as:

$$SGPA = \frac{\sum_{i=1}^n Ci \cdot Gi}{\sum_{i=1}^n Ci}$$

where

'n' is the number of courses taken by the student in a semester.

'Ci' represents the number of credits allotted to the course 'i'.

'Gi' represents the grade points secured by the student in course 'i'.

Cumulative Grade Point Average (CGPA): It is calculated as:

$$CGPA = \frac{\sum_{i=1}^m Ci \cdot Gi}{\sum_{i=1}^m Ci}$$

where

'm' is the number of courses graded to date.

'Ci' represents the number of credits allotted to the course 'i'.

'Gi' represents the grade points secured by the student in course 'i'.

The SGPA will be awarded to the students for all the registered courses in a semester. The credits of the failed courses shall also be considered while calculating SGPA/CGPA in a given semester. For cases where multiple attempts have been made to get a letter grade, the last successful attempt will be used for the CGPA calculation.

The additional credits earned by a student over and above the minimum required for a said category in a programme will not be considered for the calculation of CGPA. However, the courses which contribute towards higher CGPA will be considered for inclusion.

9.4. Award of class

The cumulative grade point requirement for the award of the class is as follows:

Class	CGPA required
First-class with distinction	≥ 8.0*
First-class	≥ 6.5
Second class	≥ 5.5
Pass class	≥ 5.0

*In addition to the required CGPA of 8.0 or more, the student must have necessarily passed all the registered courses in the first attempt. Distinction will not be awarded if the student fails in ANY subject.

9.5. Policy for Grades

9.5.1. Incomplete (I) Grade

'I' grade is assigned if the student has any pending assessment components. The student can initiate the request through the Mentor, and an 'I' grade will be posted after receiving the recommendation from the HoD.

9.5.2. Repeat (R) grade

'R' grade is assigned if the student has to repeat the course due to a shortage of attendance. The student has to re-register for the course in the subsequent semesters by paying the prescribed fees.

9.5.3. Withdrawal (W) grade

'W' grade is assigned if the student has withdrawn from the course within twenty (20) working days of the semester.

10. Evaluation system

The course faculty will announce the framework of evaluation. Typically, the components include (not limited to) Assignments, quizzes, presentations, fieldwork, report writing, module tests, viva voce, semester-end examination etc.

10.1. Assessment Procedure

10.1.1. Theory

Assessment of a student's performance in theory courses shall be based on two components: Continuous Evaluation (CE) for seventy (70) marks and Semester-end Examination (SEE) for thirty (30) marks. Assessment in continuous evaluation is spread throughout the course duration. The Instructor defines the schedule of assessment and is typically based on Module tests, quizzes, assignments, etc.

For courses where relative grading is applicable, a student should secure a minimum of twenty-four (24) marks in continuous evaluation and ten (10) marks in the semester end examinations respectively. In addition, the student should secure a minimum of 35 marks to pass a course.

In courses where absolute grading is applicable, a student should secure a minimum of twenty-eight (28) marks in continuous evaluation and twelve (12) marks in the semester end examinations respectively, and the total should be greater than or equal to 40 marks.

10.1.2. Practical

Practical courses are assessed under Continuous Evaluation for a maximum of 100 marks. Assessment in practical course comprises weightage given to components like data collection, experiments, observations, data analysis, results presentation, and record work submission. The minimum pass mark for practical courses is 35 and 50 for Relative and Absolute grading systems, respectively.

10.1.3. Combined Courses

For courses having both theory and practical components, 70% of the weightage will be for the theory component and 30% weightage for the practical component. The student will need to secure a passing grade in both components.

Assessment is carried out based on the criteria specified in sections 10.1.1 and 10.1.2 for both theory and practical components.

10.1.4. Projects

Students can undergo Project work individually or in a group, not exceeding four (4) members. Projects are assessed under continuous evaluation for 100 marks, and the student must obtain a minimum of 50 marks to complete the course successfully. Evaluation includes weightage for periodic reviews, reports, and final viva voce.

10.1.5. Internship

For internships, the student will submit a report on the successful completion of the training. Students are required to submit individual Internship reports. The faculty will assess the submission, including checking for plagiarism and conducting a viva voce to assign the grade. The student must obtain a minimum of 50% marks to complete the course successfully.

10.1.6. Non-graded courses

Non-graded courses are assessed as 'Satisfactory' or 'Unsatisfactory'. No letter grade will be assigned for these courses. These courses may be either of "theory" type or "practical." The minimum pass mark for the award of satisfactory (S) grade is 40. A score less than 40 will lead to an unsatisfactory (U) grade. These courses shall not be a part of SGPA/CGPA calculations. Students are required to get an S grade for graduation.

10.2. Announcement of results

The Controller of Examinations (CoE) will announce the students' results at the end of each semester. Students will be able to access their grades in the Student Information System. If there is a requirement for a certified physical copy, students may request the Directorate of Evaluation.

10.3. Withholding of Results

Results may be withheld if

- The student has any outstanding fees, fines, or other charges to the Department/ Institute/ School/ University
- Action arising out of malpractice is pending
- Action arising out of indiscipline is pending

10.4. Grade appeals/ Re-totaling/ Re-evaluation

Appeal for Re-totaling / Re-evaluation of any theory answer script of the semester-end examination is permitted on request by the student subject to paying the prescribed fee within five (5) working days after the announcement of the results.

10.5. Viewing of Answer Script and Challenge Evaluation

Students who are not satisfied with the grade after revaluation can request a viewing of the semester-end answer script within five (5) working days after the announcement of revaluation results. After viewing, if a student is not satisfied with the valuation, they can challenge the valuation. The student should apply for challenge valuation within five working days after viewing the answer script. Under challenge evaluation, the answer script will be valued by two examiners. The outcome of the challenge evaluation will be used for the final grade. If there is an improvement in the final grade, the University will refund the charges (re-totaling, revaluation, viewing and challenge evaluation).

10.6. Re-registration of courses

Students are permitted to re-register for the courses by paying the prescribed course fee which will be notified by the Directorate of Evaluation. The amount is subject to revision each year. The total number of credits a student can take in a semester shall not exceed 25, including re-registration of courses. A grade cap of "B+" is applicable for the re-registered courses. Re-registration is applicable in the following cases

10.6.1. Failure to obtain a satisfactory grade

Students who have not obtained a passing grade can re-register for the backlog course the next time the course is offered in addition to their regular courses. Further, there will be no exemption to the upper limit on the maximum number of credits (currently 25) the student can register for in a semester.

10.6.2. Betterment of Grades

A student whose CGPA is less than 6.5 can re-register for courses conducted during the summer term/next regular semester. In such a case, the student will be awarded the grade obtained in the re-registered course. The student can opt for the courses in the immediate summer after the course duration. The maximum number of courses they can re-register for is limited to the number of semesters of study.

10.6.3. Securing 'R' Grade

If a student secures an 'R' grade, they must re-register when the course is subsequently offered.

11. Academic Progression

11.1. Attendance policy

The student's minimum overall attendance of all the courses put together in any semester should be 75% or greater. The students failing to meet the minimum attendance requirement of 75% in the current semester will get 'R' grades in all the courses in the current semester and need to re-do the semester.

11.2. Academic break

Students of GITAM are expected to complete the study without interruption. The minimum overall attendance requirement is 75%. If the student's attendance drops below the minimum attendance requirement, the candidate is not permitted to attend the end-semester examinations. In such cases, the student can opt for an academic break and re-register for these courses after rejoining the University. Students who do not register within three (3) weeks of the commencement of the semester will be on academic break.

11.3. Minimum standards for academic promotion

The student should earn a minimum of 60% of total registered credits before progressing to the third academic year (for programmes of duration four years or above), failing which the students will be put on academic probation. Students should clear 80% of total registered credits up to the preceding year when entering the programme's final year.

In addition, the courses registered during the first year in the following categories viz., Multidisciplinary Core and University Core categories must be cleared prior to entering the final year of study.

11.4. Academic probation

If a student fails to earn the required credits to be promoted to the next higher semester, the student will be put on academic probation for the next academic year. The student can rejoin the programme upon meeting the required criteria at the end of the academic probation period. If a student is on academic probation for TWO continuous years, it will lead to dismissal from the programme.

11.5. Leave Policy

The students are expected to maintain 100% attendance in all the courses. If the student's attendance is 75% and above, they will be allowed to write the end-semester examinations. However, the shortage of attendance may be condoned for 10%, i.e., up to 65% in the following cases.

- (1) The student participating in co-curricular and extracurricular activities and representing the University, State or Country.
- (2) Medical emergency

Whatever the circumstances, if the student's attendance drops to less than 65%, they will not be permitted to attend the end-semester examinations.

11.5.1. Representing the University/Country

The Vice-Chancellor, on the recommendation of the Principal / Director of the Institute/School and remarks from the Director, Student life, may condone the shortage of attendance of the students on the grounds of participation in co-curricular and extracurricular activities representing the University or Country.

11.5.2. Medical Emergency

In exceptional cases which require hospitalisation or routine ailments, the Vice-Chancellor, on the recommendation of the Principal / Director of the Institute/School and remarks from the Medical officer, can permit the student to write the end semester examination subject to satisfying the minimum overall attendance requirement of 65%. Students who have medical concerns which require prolonged treatment may request for absence from the campus. The student can apply for medical leave during the programme of study in the format given in [Annexure-III](#). The process to be followed is given below.

- The student needs to produce documents from a registered medical practitioner to the Mentor.
- The mentor will acknowledge after verifying the documents by email to the student and the guardian.
- The Mentor will submit the documents to the HoI; The HoI or his representative will discuss the leave request with the medical officer of the University.
- The medical officer will approve the number of days the student can avail of the medical leave based on the documents submitted by the student.
- If the student's attendance after availing of the medical leave drops below 65%, the student will be put on an "Academic break".
- The student's status changes from "Active" to "Medical Leave of Absence" during medical leave. For the course duration, the student may avail a maximum of two years as medical leave. The student can avail themselves of this leave at a stretch or in multiple phases.
- The student is not allowed to utilise the physical resources and infrastructure of GITAM during the academic break.

Before applying for readmission/re-registration after an academic break or medical leave, the student must produce the medical fitness certificate from the medical officer of the University. Students should reinitiate the readmission process at least 30 days before the due date of sanctioned leave. The student under medical leave of absence should communicate with the Mentor for readmission or extension of leave. The student can cancel their approved period of absence and apply for readmission before the commencement of a semester. The unauthorised absence of a student shall be treated as a withdrawal from the programme.

11.5.3. Personal leave of absence

A student may be granted a personal leave of absence from the campus due to personal difficulties. The personal leave of absence can be availed in a semester, satisfying the minimum overall attendance requirement. The overall attendance of all the courses put together in any semester should be 75% or greater. The student can apply for a personal leave of absence during the programme of study in the format given in [Annexure-IV](#). The process to be followed is given below

- The student who opts to avail personal leave of absence has to apply through the mentor/AMC.
- Mentor will acknowledge and forward the same to the HoD/HoI, who will convey the University's decision.
- If the student's attendance after availing of the personal leave drops below 75%, the student will have to take an "Academic break".
- The student's status changes from "Active" to "personal Leave of absence" during personal leave.
- The student is not allowed to utilise the physical resources and infrastructure of GITAM during the academic break.
- While applying for an academic break, the student should mention the approximate date of rejoining.

A student on an "Academic Break" will have to apply for readmission, and it should be initiated at least 30 days before the due date of sanctioned leave. The student under personal leave of absence should communicate with the Mentor for readmission or extension of leave. The student can cancel their approved period of absence and apply for readmission before the commencement of the semester. The unauthorised absence of the student shall be treated as a withdrawal from the programme.

11.5.4. Parental leave of absence

Students who wish to take a break during their study period due to parental reasons such as pregnancy, maternity, or paternity to take care of their child can apply for parental leave of absence. On the recommendation of the Principal / Director of the Institute/School and remarks from the medical officer, the Vice-Chancellor can permit the student to write the end-semester examination subject to satisfying the overall minimum attendance requirement of 75%. The student can apply for parental leave during the programme of study. The process to be followed is given below

- The student has to submit the documents to the mentor/AMC.
- Mentor will acknowledge and forward the same to the HoD/HoI, who will convey the University's decision.
- If the student's attendance in availing the parental leave drops below 75%, the student will have to take an "Academic break".
- During the academic break, the student's status changes from "Active" to "Parental Leave of absence".
- For the course duration, the student may avail a maximum of two years as parental leave. The leave can be availed at a stretch or in multiple phases.
- The student is not allowed to utilise the physical resources and infrastructure of GITAM during the leave period. While applying for parental leave, the student should mention the approximate date of rejoining.

A student on an "Academic Break" will have to apply for readmission, and it should be initiated at least 30 days before the due date of sanctioned leave. The student under parental leave of absence should communicate with the Mentor for readmission or extension of break. The student can cancel their approved period of absence and apply for readmission before the commencement of the semester. The unauthorised absence of the student shall be treated as a withdrawal from the programme.

11.6. Readmission

Students who are on an academic break/ academic probation can apply for readmission by paying the prescribed fees. Readmission can be applied twice in an academic year. The candidates should apply for readmission to the HoI at least 30 days before the commencement of the semester.

11.7. Academic dismissal

Dismissal is enforced on a student in the following situations:

- If a student is involved in any disciplinary issue and the concerned committee recommends, for dismissal.
- If a student is on academic probation for TWO consecutive years

Dismissal leads to the student's permanent separation from the University.

12. Degree Requirements

The undergraduate degree will be for a 4-year duration with an early exit option at the end of the

third year. Certificate will be issued upon completing the minimum number of credits and satisfying the conditions mentioned in the programme curriculum and as follow:

- UG degree shall be issued if,
 - The student has completed the three years of study in the undergraduate program
 - The student has earned a total of 120 credits
 - Out of the 120 credits, 60 credits in Major (Core + Electives) and 24 credits in Minor courses should have been earned during the 3 years of study
- A UG Honours degree shall be awarded to a student subject to meeting the credit requirement of 160
- After completing the requirements of a 3-year Bachelor's degree, candidates who have a CGPA greater than 7.5 will be allowed to continue studies in the fourth year of the undergraduate programme leading to the Bachelor's degree (Honours with Research)

A UG Honours with Research degree shall be awarded to a student subject to meeting the following:

- A credit requirement of 160
- Students may be permitted to carry out a research project or dissertation in another department of the same institution or another institution provided the required facilities are available. The students are expected to complete the Research Project in the eighth semester. The research outcomes of their project work shall be submitted to SCI / SCOPUS journals

12.1. UG Degree Programmes with Double Major

Students can opt for additional learning to broaden their study in another discipline. Further learning by earning additional credits may lead to double major. Additional credits will require the payment of extra fees, which will be announced when the course is being taken.

A student has to secure a minimum of 40% credits from the second major discipline for the 3-year/4-year UG degree to be awarded a double major. The courses that need to be completed for the second major will be specified by the BoS running the program.

For example, in a 3-year UG programme, the total number of credits to be earned is 120, a student who has chosen Physics as a second major will be awarded a B.Sc. in Physics if he/she completes 48 credits from the Physics major requirement. Similarly, in a 4-year UG programme, the total number of credits to be earned is 160 and a student who opts for a second major in Physics earns a minimum of 64 credits will be awarded a B.Sc. (Hons./Hon. With Research) in Physics in a 4-year UG programme with double major.

13. Award of the degree

A student is eligible for the degree award if the candidate has secured the minimum number of credits required for a given programme with a CGPA greater than 5.00, subject to the completion of the minimum duration of the programme. After completing the programme, a provisional certificate cum memorandum of grades (PCMG) will be issued. The PCMG includes the secured grades and class achieved in the chosen programme and specialisation, along with grades and CGPA secured by the student in the opted programme. The original degree will be presented in the subsequent convocation.

14. Conduct and Discipline

14.1. Classroom conduct

The students should attend the academic work as per the schedule on all working days following the guidelines specified by the Director of Academic Affairs. The students are expected to work with their classmates and faculty for achieving optimal learning outcomes. Students are expected to perform the assigned work within the due dates mentioned by the faculty member and must not leave the class without permission. Students should follow the guidelines specified by the faculty member at the beginning of the course and maintain low noise levels in the online/offline class. Students should maintain a conducive environment in the classroom for effective teaching & learning processes. Classrooms or laboratory rooms should not be used for consuming food or for celebrations.

14.2. Academic Honesty

Students are expected to perform academic work in a fair manner, thereby maintaining the University's academic reputation. Any academic misconduct, such as plagiarism, malpractice in the examination, etc., will lead to remedial action suggested by the Academic Integrity Committee (AIC).

14.2.1. Violation of Academic Policy

It includes the following acts but is not limited to

- Violating the rules and regulations of the academic programme.
- Copying material from sources like articles, websites etc., without proper citation and incorporating the content in the assignment and reports.
- Any cheating in the examination, such as
 - Possessing unauthorised material
 - Taking somebody's examination
 - Having somebody else take the examination etc.

Incidents will be reported to the AIC, and based on the preapproved procedures, the recommendation of the AIC will be communicated to the parents/guardians of the concerned students through the HOI.

14.2.2. Disciplinary regulations

The students of GITAM are expected to follow disciplinary procedures set by GITAM, as mentioned above. If the student's behaviour is not consistent with GITAM's prescribed code of conduct, based on the severity of the issue, the student may be reprimanded orally or in writing at the first stage; The student may be even expelled from the class/Institute/school/campus/hostel/university based on the severity of the offence. The University reserves the right to act against students found to involve in any of the following cases.

- 1 False statements intended to deceive the University, submitting fake certificates to the University, creating fake documents of the University and giving to a third party and deliberate falsification of documents/records.
- 2 Insulting by words or act, using abusive, defamatory, or derogatory language against any teacher, officer, employee or student(s) of the University on the campus or even outside the campus.
- 3 Creating any disturbance in classes and examinations in the University
- 4 Not following the list of instructions issued for examinations.
- 5 Making false allegations, character assassinations of teachers, officers and employees or indulging in rumour-mongering or committing pranks that cause grievous hurt to anyone.

- 6 Ragging in any form is a criminal and non-bailable offence in the country. The current State and Central legislations provide stringent punishments, including imprisonment. Once the involvement of a student(s) is established in ragging, offending fellow students/staff, harassment of any nature to the fellow students/staff etc. the student(s) will be liable to be dismissed from the Institute, as per the laid down procedures of the UGC / Govt. /Institute. Senior students of the Institute shall give an undertaking every year co-signed by their parents/ guardians before registration for the odd semester of the academic year.
- 7 Students are required to conduct themselves with decorum both inside and outside the campus and not indulge in activities that may adversely affect the prestige and reputation of the Institute.
- 8 Any act of indiscipline of a student reported to the Hol/HoD will be referred to a Discipline Committee constituted for the purpose. The committee will inquire into the charges and recommend further action, including removal from the University if the charges are substantiated. The student concerned may appeal to the Vice-Chancellor, whose decision will be the final.

15. Grievance Redressal System

To redress the grievances of the students, there is a grievance redressal mechanism in GITAM. The student may apply online in case of any grievances. Click [here](#) to submit a grievance. The student should fill in the essential details on the form and then select "Academic grievance". The student can submit grievances related to the following:

1. Grades, exam procedures, excused absences, and class policies
2. Academic advising
3. Faculty performance or faculty behaviour
4. Course content, teaching methodology, etc.
5. Academic probation, suspension, etc.
6. Academic integrity and the Honor Code
7. Marks memos, PCMG, credits, degree award, etc.
8. Class availability, timings, etc.
9. Online, distance education, MOOCs etc.
10. Any other (specify clearly)

Upload the supporting documents (if any): If the student has any documental evidence to support the claim, then upload the necessary documents with proper file names and references in chronological order of dates and events.

16. Academic Bank of Credits

Academic Bank of Credits (ABC) is an academic service mechanism as a digital/virtual/online entity established and managed by MoE to facilitate students to become academic account holders. It paves the way for seamless student mobility between or within degree-granting Higher Education Institutions (HEIs) through a formal system of credit recognition, credit accumulation, credit transfers and credit redemption to promote distributed and flexible teaching-learning. ABC provides mobility within and across various programmes, subject to meeting the admission eligibility criteria.

16.1. Implementation of the ABC scheme

GITAM is recognised by UGC, MHRD as a Category -I, deemed to be University, and approved by NAAC with an A++ grade. GITAM has registered under the ABC scheme.

16.2. Minimum number of credits to be secured at GITAM

The candidate who wishes to pursue any programme in GITAM and opts to utilise the credits earned in other Institutes through the ABC scheme should acquire at least 50% of the minimum number of credits in the chosen programme from GITAM. In addition, the candidate should ensure the completion of the minimum number of credits in the core subjects as specified in the programme's curriculum.

16.3. Admission in individual courses

GITAM supports the admission in individual courses to the students pursuing UG and PG programmes in other HEI's participating in ABC, subject to the available vacancy in each course. The first priority for registration in each course will be given to GITAM students. At the end of adding/dropping the course registration period, based on the availability of the vacancy in each course, the programme coordinator will permit the registration of courses to students other than GITAM on a first cum first serve basis. The candidate needs to pay the required course fee within the due date to confirm the course admission. The course fee depends on the course credits, type of course (lab, theory, theory cum lab etc.) and the Department/Institute which offers the course. GITAM has audio-visual facilities, e-resources, virtual classrooms, studios, and high bandwidth internet connectivity to support ODL/online courses and individual course registration.

16.4. Validity of stored credits in ABC

The regulations in force will determine the validity of the credits earned at GITAM or any other HEI.

16.5. ABC-Grievance Redressal Mechanism

GITAM will set up a Grievance Redressal Mechanism for the issues/appeals related to ABC. This mechanism will address the issues right from the start of course registration to the transfer of credits from respective institutes to the ABC.

Nomenclature

ABC: Academic Bank of Credits

AC: Academic Council

AIC: Academic Integrity Committee

AIU: Association of Indian Universities

AMC: Academic Monitoring Committee

B.Sc: Bachelor of Science

BCA: Bachelor of Computer Application

BCom: Bachelor of Commerce

BoS: Board of Studies

CBSE: Central Board of Secondary Education

CCOM: Course Committee

CE: Continuous Evaluation

CEO: Course Educational Objectives

CGPA: Cumulative Grade Point Average

CIWGC-SEA: Children of Indian Workers in Gulf Countries and Southeast Asia

CO: Course Outcomes

CoE: Controller of Examinations

CSCS: Computer Science and Cognitive Systems

DoAA: Directorate of Academic Affairs

FCS: Flexible Credit System

FN: Foreign Nationals

GAT: GITAM Admissions Test

GITAM: Gandhi Institute of Technology and Management

GMAT: Graduate Management Admission Test

GPA: Grade Point Average

HoD: Head of Department

Hol: Head of Institution

IQAC: Internal Quality Assurance Cell

LMS: Learning Management System

MC: Major Core

MDC: Multidisciplinary core

MoE: Ministry of Education

MOOCs: Massive Open Online Courses

MOODLE: Modular Object-Oriented Dynamic Learning Environment

NAAC: NATIONAL ASSESSMENT AND ACCREDITATION COUNCIL

NAD: National Academic Depository

NATA: National Aptitude Test in Architecture

NRI: Non-Resident Indian

OCI: Overseas Citizen of India

ODL: Open and Distance Learning

PCMG: Provisional Certificate cum Memorandum of Grades

PCOM: Programme Committee

PEO: Programme Educational Objectives

PIO: Person of Indian Origin

PO: Program Outcomes

SAT: Scholastic Assessment Test

SCOM: School Committee

SDG: Sustainable Development Goal

SEE: Semester-End Examination

SGPA: Semester Grade Point Average

SIS: Student Information System

SLAC: School Level Advisory Committee

SWAYAM: Study Webs of Active Learning for Young Aspiring Minds

UC: University Core

UG: Undergraduate

UGC: University Grants Commission

VDC: Venture Development Centre

Definitions

Academic Bank of Credits: It will offer flexibility to the students and executives to promote liberal education. The students will be account holders to whom the bank will provide credit accumulation, credit transfer, and credit redemption services. After accumulating credits, a student can redeem these for the degree.

Academic Council: It is the principal academic body of the University and is responsible for maintaining standards of education, teaching and learning, research, and evaluation and shall exercise other academic duties and functions conferred, subject to the provisions of the Memorandum of Association, Rules, and Bylaws.

Academic Year: Two consecutive (one odd + one even) semesters constitute an academic year.

Add/Drop Period: The period during which the students can modify the registered courses. They can add additional courses or drop the courses already registered.

Bachelors/Undergraduate degree: An academic degree that is given to a student by a college or University, upon the successful completion of course duration and curriculum credit requirements.

Board of Studies (BoS): It is the academic body at the Department/Institute level constituted to advise and report to the Academic Council on all matters related to education, teaching, and learning, research, evaluation, curriculum development, the introduction of new programmes, and all other academic-related issues.

Class: It is defined as a unique combination of course-slot-faculty.

Continuous Evaluation: Assessments conducted during the course period.

Course Code: A Course Code is a unique alphanumeric code generated and assigned to the courses created by the institutions. The Course Code helps students to locate the course they should be enrolling in.

Course Credit: A credit is a unit that gives weight to the value, level, or time requirements of an academic course taken at a school or other educational institution.

Course registration: Course registration means registration for each course that the students opt to study in a semester.

Course: A course is an individual subject in an academic term led by one or more instructors. A course is designed to comprise lectures/ tutorials/laboratory work/ fieldwork/ outreach activities/ project work/ vocational training/viva/ seminars/ term papers/assignments/ presentations/ self-study etc. or a combination of some of these.

Cumulative Grade Point Average (CGPA): It is the weighted average of the grade points earned by the student for all the courses registered.

Dean: A person with academic authority over a specific School in the University

Directorate of Academic Affairs: Academic Affairs is the administrative office in an educational institution that supervises a wide range of educational divisions at a University. This office plays a leading role in curriculum design and implementation.

Double Major: A student who meets the major requirements of the two programmes within or outside the faculty will be awarded a "Double Major," and the same will be mentioned on the PCMG as a major degree (specialization) and Double Major (specialization).

GITAM Admission Test (GAT): GAT Admission test is designed to determine a person's competency level in a specific subject(s) and may be used to determine admissibility to a program.

Grade Card: Based on the grades earned, a certificate shall be issued to all the registered students after every semester. The grade certificate will display the course details (code, title, number of credits, grade secured) and SGPA of that semester and CGPA earned till that semester.

Grade Point: It is a numerical weight allotted to each letter grade on a 10-point scale. Letter Grade is an index of the performance of a student in a course. Grades are denoted by letters O, A+, A, B+, B, C, P and F.

Major Core Course: There may be a Major Core Course every semester. This is the course that is to be compulsorily studied by a student to complete the requirement of a programme.

Major Elective Course: It is the domain course to support the discipline, expanding the scope in the chosen programme. An appropriate minimum number of such electives specified in the programme will lead to the award of a degree in the major discipline.

Minor Course: These are mandatory courses chosen from a list of approved minor disciplines.

Programme: An educational programme grants a degree in a particular discipline or specialization. Each programme comprises certain types of courses, duration, and the minimum number of credits. Upon fulfilling the requirements, an academic degree is awarded in that programme. Example: B.A. Programme, B.Sc. Programme, etc.

Registration Period: The period during which students register for courses at GITAM every semester.

Scholarships: Scholarships are financial assistance to the candidates based on marks/ranks obtained in GAT and other common entrance tests conducted at the state and national level for admission into the undergraduate programmes.

School Level Advisory Committee: It is an academic body consisting of all HOIs and the HODs of the School to scrutinize the School's Vision, Mission, Programme Educational Objectives (PEOs) & Programme Outcomes (POs) of all the Programmes offered, Teaching, Learning & Evaluation (T-L-E) process, Student Support System, Extension Activities etc., and offer suggestions for improvement.

School: The Departments/Institutes dealing with allied programmes shall be grouped into Schools. For example, all Science institutes/departments in the three campuses of GITAM shall be grouped as one School and is named as School of Science.

Semester End Examination: Assessments are conducted at the end of the semester.

Semester Grade Point Average (SGPA): It is the weighted average of the grade points earned by the student for the courses registered in a semester.
