8. NAD – ABC registrations:

The Government of India has established a Digital Depository of Academic Awards known as the National Academic Depository (NAD), on the pattern of Securities Depository. The NAD helps in validating the authenticity of these awards and ensuring their safe storage and easy retrieval. Maintaining academic awards in a Digital Depository benefits provide benefits to Educational institutions, Students and Employers by enabling online access and retrieval, elimination fraudulent practices such as faking/forging of certificates and mark-sheets and facilitate validation.

Academic Bank of Credits (ABC)

Academic Bank of Credits has been established on the lines of the National Academic Depository (NAD), in the sense, NAD is the backbone of ABC, where the students' academic data are held and academic awards are stored (i.e. storehouse of academic awards). Despite the fact that ABC enables students to register or commence credit transfer, the final outcomes of credit redemption and issuance of certificates, as well as the compilation of award records, are administered by academic institutions via the NAD Platform.

As per National Education Policy 2020, Academic Bank of Credits (ABC) is a national-level facility to promote flexibility of curriculum framework and provide academic mobility of students with appropriate credit transfer mechanism to choose their own learning path to attain a Degree/Diploma/PG-diploma, etc, working on the principle of multiple entry-multiple exit as well as any-time, any-where, and any-level of learning.

The Directorate of Evaluation has made all arrangements to the students to enable the students to register ABC Id and till now the status of registrations are given hereunder.
